

# FOREVER BOARD

## The Next Generation in Drywall

Forever board is lighter, stronger and more resistant than traditional gypsum drywall.

Contact:  
**(661) 746-7953**  
[www.Foreverboard.net](http://www.Foreverboard.net)

Forever board is the only product of its kind in the world and is made in the United States. Its proprietary formula makes it lighter, stronger and smoother than drywall while resistant to fire, water, mold and insects.

**NON-ALLERGENIC AND NON-TOXIC**

**ABLE TO ABSORB CO<sub>2</sub>**

**ZERO CARBON FOOT PRINT**

**Tapes and repairs just like drywall**

**Installs with nails or screws just like drywall**

**Better Fastener/Holding Strength**

For use in commercial & residential construction as:

- Wall board
- Ceiling board
- Backer board
- Substrates for coating, such as stucco
- Single Layer Application
- SIPS Panels
- Curved Surfaces
